PE & Sports Funding Grant

Proposed Spending 2017- 2018

From September 2013 the Government provided additional funding to schools to improve the provision of physical education and sport in primary schools. The Government is not dictating how schools should spend this money however schools will be accountable for how they spend their additional funding. In 2017 the sports premium funding is due to increase to £16,270. For the academic year 2017- 2018 the school will receive a total of £14,615.00 sports funding.

In the academic year 2017- 2018 the funding will be spent in the following ways:

- Hiring specialist qualified sports coaches to teach gymnastics and games across EYFS & KS1 alongside the teachers.
- Specialist qualified sports coaches and the PE coordinator to provide guidance, support and feedback to all teachers through a well-planned CPD programme
- Ensure that continuing professional development opportunities are provided for all teachers and support staff through regular training led by coaches and the PE coordinator.
- PE coordinator to work closely alongside coaches to ensure a broad, balanced and progressive curriculum is planned and delivered across the school, including the development of a PE scheme of work.
- Continue to ensure that accurate assessment of gymnastics skills is in place to ensure pupils are progressing across the British Gymnastic Association stages.
- The employment of a member of staff who will work with pupils to maintain the school grounds and deliver cooking sessions with a focus on healthy eating.
- Subside after school clubs focussing on healthy eating such as healthy heroes
- To hire a specialist sports coach to encourage active lunchtimes by participating in sports e.g. football
- Subsidise after school clubs led by Fiscal Sports.

OFSTED will evaluate the impact that the sport's funding has had on pupils' lifestyles and physical well-being.

Spending 2017- 2018	Aim/Objective	Cost
External gymnastics coach.	To ensure that staff are confident in the delivery of gymnastics including the use of specialist equipment and for specialist sessions to be delivered at the local gymnastics centre.	x 2 afternoons £120 per week Annual £4440
