

The Diocese of Leeds: City of Wakefield Metropolitan District Council  
**Normanton All Saints CE(A) Infant School**

'This is an outstanding school' OFSTED 2013

**PE & Sports Funding Grant**

**Proposed Spending 2016- 2017**

From September 2013 the Government provided additional funding to schools to improve the provision of physical education and sport in primary schools. The Government is not dictating how schools should spend this money however schools will be accountable for how they spend their additional funding. For the academic year 2016-2017 the school will receive a total of £8597 sports funding.

**In the academic year 2016- 2017 the funding will be spent in the following ways:**

- Hiring specialist qualified sports coaches to teach gymnastics and games across EYFS & KS1 alongside the teachers.
- Specialist qualified sports coaches and the PE coordinator to provide guidance, support and feedback to all teachers through a well-planned CPD programme
- Ensure that continuing professional development opportunities are provided for all teachers and support staff through regular training led by coaches and the PE coordinator.
- PE coordinator to work closely alongside coaches to ensure a broad, balanced and progressive curriculum is planned and delivered across the school, including the development of a PE scheme of work.
- Continue to ensure that accurate assessment of gymnastics skills is in place to ensure pupils are progressing across the British Gymnastic Association stages.
- Hiring a professional company to enhance the school's sports day events.

OFSTED will evaluate the impact that the sport's funding has had on pupils' lifestyles and physical well-being.

Spending 2016- 2017	Cost
