

PE & Sports Funding Grant

Spending and impact 2015- 2016

From September 2013 the Government provided additional funding to schools to improve the provision of physical education and sport in primary schools. The Government is not dictating how schools should spend this money however schools will be accountable for how they spend their additional funding. The proposed funding will be allocated to schools over three academic years until 2016. For the academic year 2015- 2016 the school will receive a total of £8597 sports funding.

In the academic year 2015- 2016 the funding will be spent in the following ways:

- Hiring specialist qualified sports coaches to teach gymnastics and games across EYFS & KS1 alongside the teachers.
- Specialist qualified sports coaches and the PE coordinator to provide guidance, support and feedback to all teachers through a well-planned CPD programme
- Ensure that continuing professional development opportunities are provided for all teachers and support staff through regular training led by coaches and the PE coordinator.
- PE coordinator to work closely alongside coaches to ensure a broad, balanced and progressive curriculum is planned and delivered across the school.
- Provide external CPD training to upskill a higher level teaching assistant to improve the delivery of physical education across the school. This will be done through the Level 5 Certificate in Primary School Physical Education Specialism qualification.
- Continue to ensure that accurate assessment of gymnastics skills is in place to ensure pupils are progressing across the British Gymnastic Association stages.

OFSTED will evaluate the impact that the sport's funding has had on pupils' lifestyles and physical well-being.

Spending Academic Year 2015-16	Cost	Outcomes	Impact
External gymnastics coach	x 2 afternoons £100 per week Predicted annual £3700	Increased staff confidence - CPD opportunities provided to teachers Pupils receive high quality PE provision through high quality teaching Full use of existing equipment for gymnastics including wall bars and frames Partnership school with the British Gymnastics Association and pupils are making good progress and are proficient in gymnastics Identified pupils in Year 2 have taken part in an after school club and have performed at the Gym Fusion event Pupils in the EYFS receive high quality gymnastics sessions on a weekly basis, which has impacted on their physical development.	Gymnastics coaching has proved successful. This is evidenced by: *Teacher questionnaires indicate that they have increased confidence in teaching gymnastics and understand the progression in skills *Most pupils at the end of Year 2 achieved stage 7 and 8 of the core proficiency award *Pupil questionnaires indicate that the majority of pupils feel more confident and have improved in gymnastics *Evidence has been collected for the pupils in EYFS to inform judgements against the EYFSP. *TA within school has become a qualified Gymnastics judge and coach *Pupils in the EYFS achieved well at the end of the EYFS with 87% reaching a GLD in moving and handling and 90% reaching a GLD in Health and self-care. This has improved compared to the previous year.
Future spending: The school will continue to use the sports funding to provide specialist gymnastics sessions for all pupils and through this will continue to provide all teachers with high quality CPD. In 2016- 2017 the school will provide CPD in gymnastics for support staff. This year the school will ensure that pupils are progressively moving through the gymnastics stages awarded.			
External sports games coach	X 2 afternoons per week £100 per week £3700	Increased pupil participation in games and sports and pupils are active in PE lessons Pupils receive high quality PE provision in a range of games skills delivered by specialist coaches Full coverage of new National Curriculum across sport and agility Teachers and support staff have supported PE lessons and teachers and ITT students have taught alongside the specialist games coach Assessment opportunities are developing in games CPD has been provided to teachers by specialist sports coach	Specialist games coaching has been a success due to the following: *Specialist coaches have ensured that full coverage of the NC has been in place. Pupils have had the opportunity to develop the full range of skills across a broad range of games. *Support staff and teacher questionnaires indicate that the games CPD has been beneficial *Pupils enjoy games sessions with the specialist coaches and feel that they have improved in their PE skills *Pupils have participated in a range of sporting events and competitions and continue to perform well for example winning the gold medal at the Five Towns sporting competition *Pupils are provided with a range of sports after school clubs led by staff and specialist coaches for example hockey, netball, multi sports, yoga, dance
Future spending: The school will continue to use the sports funding to provide specialist games coaching for all pupils in KS1 and will extend this provision into the EYFS. In 2016-17 funding will also be spent to provide the PE coordinator and PE team time to devise a long term and medium term plans for PE and develop the assessment systems across the school for teachers and support staff to use.			
Level 5 Certificate in Primary School	£1000	Increase staff knowledge and specialist skills in teaching PE and the New National Curriculum Increased pupil participation in games and sports and pupils are active in PE lessons	A HLTA within the school has successfully completed and gained the Level 5 certificate in Primary School Physical education. The teaching of PE delivered by the HLTA has

Physical Education Specialism qualification		Pupils receive high quality PE provision in a range of PE skills delivered by specialist coaches Full coverage of new National Curriculum across sport and agility CPD opportunities including peer observation provided to the HLTA	improved further as a result. Pupils enjoy PE sessions with the HLTA and feel that they have improved in their PE skills
Staff CPD (Teaching and non-teaching staff)	£100	Increased staff confidence - CPD opportunities Full coverage throughout school, structured support for all staff High quality teaching and intervention support across the school Staff fully adhere to PE policy and health and safety requirements	*All teachers in EYFS and KS1 have accessed CPD in gymnastics *All KS1 teachers and support staff have supported and observed specialist teaching in games *Teachers have a good understanding of the new PE curriculum through external coaches and PE coordinator *Policy and risk assessments have been reviewed and have been shared with all staff
Future spending: In 2016-17 the school will provide targeted CPD support linked to differentiation in PE and how to support and challenge pupils of a range of sporting abilities.			
Release PE coordinator to work alongside coaches to further develop planning and assessment	£100 (coaches time)	The PE curriculum is taught through a broad and balanced curriculum and PE teaching is of a high quality Assessment of PE has been developed	Teachers, through support of external coaches and PE coordinator, have gained confidence in planning, preparation and delivery of a range of sports External coaches such as games coaches provide a progressive skills approach to their planning ensuring full coverage of the National Curriculum
Future spending: The school will provide further release time for the new PE team to work alongside the coordinator and external coaches to review and refine existing planning
