

Our "Celebrating Difference" Promises

Our school is working with Barnardo's to celebrate the fact that everyone is different and that we should all be proud to be who we are. We promise that:

Our school will be a safe place for everyone, where people are proud to be who they are and are not bullied because of this.

Our school will celebrate how different we all are in our assemblies, lessons, books and displays.

The staff in our school will be able to support children who need any help around their identity.

The staff in our school will know about services that can support children with issues around their identity.

Our school will always challenge people who are bullying others because of their identity. We will also make sure that children feel OK to tell someone if this happens to them, or anyone else.
